About ESG Investing

ESG stands for Environmental, Social, and Governance. The world is increasingly facing diverse issues emanating from these three factors. Farsighted and prudent management of these factors is strongly interlinked with an enterprise's long term sustainability and in being perceived as a responsible corporate citizen.

The importance of ESG can be underscored by the fact that investors are increasingly applying these non-financial factors as part of their analysis process to identify material risks and investment growth opportunities.

Sustainable investing - quant ESG Equity Fund

We identify & quantify the intangible value possessed by socially responsible, environmentally friendly companies with robust governance policies in place. These firms are believed to exhibit better risk management measures on ESG parameters which in turn create value for investors with long-lasting sustainable business models. Companies are evaluated on following parameters and assigned a composite ESG score to bring out the strength and stability of the companies.

ENVIRONMENTAL IMPACT

- Carbon intensity trend
- Waste management
- Renewable energy use
- Organic products
- Hazardous products

SOCIAL RESPONSIBILITY

- Working conditions policy
- Employee fatality rate
- Discrimination policy
- Employee training
- Financial inclusion

CORPORATE GOVERNANCE

- Whistleblower programs
- Bribery and corruption policy
- Responsible investment policy
- ESG governance
- Board diversity

Risks from ESG non-compliance

Non-adherence to ESG norms often results in transgressions of environment norms, productivity and labour factors, and governance standards, resulting in heavy losses, penalties, and litigation costs. All of these have far reaching consequences including erosion of faith by stakeholders in the business. ESG is all about sustainability and making this world a better place to live in.

Benefits of ESG Compliance

Improved efficiency, leading to reduced wastages and efficient utilization of resources

ESG companies are more attractive to lenders and investors

Promotes company growth and financial performance

Better risk management

Scope for innovations

Better attraction and retention of talent

Investment Approach

Combining traditional bottom-up fundamental financial analysis with **rigorous analysis of ESG aspects of the companies.**

ESG analysis is based on a comprehensive **ESG framework adopted from some of the global best practices.**

Sector level screening to exclude sectors/themes that are deemed harmful from a societal perspective.

Stock level screening to determine stocks throwing up **ESG red flags** as a part of review.

Reasons to Buy

- » Invest in companies that are **involved in green initiatives** and **global best business practices** having a positive impact on society.
- » Generate **sustainable returns** via responsible investing, sustainable investing, impact investing, and clean investing.
- » **Strong ESG performers** tend to exhibit **operational excellence**, and are **more resilient to perils** ranging from ethical lapses to climate risks.
- » Companies that adopt a **robust framework** are defensive and bound to **outperform during a crisis.**

VLRT Framework| Adaptive Money Management

Being Relevant with 'predictive analytics'

VALUATION ANALYTICS

Knowing the difference between price and value.

RISK APPETITE ANALYTICS

Perceiving what drives market participants to certain actions and reactions.

TIMING

Being in sync with the waves of value and behaviour

LIQUIDITY ANALYTICS

Understanding the flow of money across asset classes.

The core engine that drives us and sets us apart is a **robust and differentiated investment framework** that enables us to see **beyond the horizon and stay relevant.** Our unique analytical framework for enabling 'predictive analytics' encompasses all available asset classes and sectors, formulating a multi-dimensional research perspective.

Why multi-dimensional?

The markets are a complex, dynamic system. There is no one formula or strategy or perspective that can consistently outperform. **A diverse set of variables and participants are continuously interacting with each other in myriad ways.**

In the face of this uncertainty and complexity, instead of limiting ourselves to any one school of thought **we have found consistent success by studying markets along four dimensions: Valuation, Liquidity, Risk Appetite, and Time [VLRT].**

Top 10 Holdings

Scheme Returns (as on September 30, 2026)

The scheme is managed by combining traditional top-down and bottom-up financial analysis with rigorous analysis of ESG aspects of the companies. This disciplined process continues to support the portfolio’s alignment with responsible and sustainable investing principles. As of end-September 2026, exposure to Capital Goods (+3.73%), Healthcare (+3.58%) and Financial Services (+3.12%) was increased while IT (-6.89%), Services (-4.35%) and Consumer Services (-3.65%) were reduced.

Lumpsum Performance (as on September 30, 2026)

Period	Scheme Return (%)	Benchmark Return (%)	NIFTY Return (%)	Value of ₹ 10,000 invested		
				Scheme	Benchmark	NIFTY
6 Months	32.81%	6.17%	2.13%	13281	10617	10213
1 Year	20.34%	-3.00%	-7.08%	12034	9701	9291
3 Years	16.40%	9.10%	6.06%	15770	12986	11931
5 Years	17.50%	6.66%	6.38%	22397	13804	13624
Since Inception (Nov. 05,2020)	27.26%	13.32%	12.46%	41472	20913	19996

Past performance may or may not be sustained in future. The performance details provided herein are of existing plan (non-direct plan) - growth option. Different plans have different expense structure. For calculating returns since inception, NAV as on the date of allotment is taken. Face Value per unit is Rs. 10/-. Returns above 1 year are Compounded Annualised growth Rate (CAGR). Please refer to last page for performance of other schemes managed by the Fund Managers. Benchmark Returns are calculated using Total Return variant of respective benchmark index.

SIP Performance (as on September 30, 2026) (Rs. 10,000/- invested on the first business day of every month)

SIP Tenure	Investment Amount (Rs.)	Fund		Benchmark		Nifty	
		Market Value (Rs.)	SIP Returns (%)	Market Value (Rs.)	SIP Returns (%)	Market Value (Rs.)	SIP Returns (%)
