MF LITE SID DISCLOSURES FOR QUANT SILVER ETF FOF

Sr. No.	Heading	In case of quant Silver ETF FOF
1.	**Liquidity/listing details**	The Scheme offers Units for Subscription and Redemption at NAV based prices on all Business Days on an ongoing basis, commencing not later than 5 business days from the date of allotment. Under normal circumstances, the AMC shall dispatch the redemption proceeds within three working days from date of receipt of valid redemption request from the Unit holder. (redemption /switch-out subject to completion of lock-in period).
2.	**NAV disclosure**	NAV shall be calculated upto two decimal places and disclose on all Business Days except in special circumstances. The AMC will calculate and disclose the first NAV of the Scheme within a period of 5 business days from the date of allotment. Subsequently, the NAVs will be calculated and disclosed on all the Business Days. The AMC shall update the NAVs on the website Association of Mutual Funds in India - AMFI (www.amfiindia.com) before 10.00 a.m. on the next Business Day and shall also update the NAVs on the website of AMC (www.quantmutual.com) before 10.00 a.m. on the next Business Day for a given business day. If the NAVs are not available before the commencement of Business Hours on the following day due to any reason, the Mutual Fund shall issue a press release giving reasons and explaining when the Mutual Fund would be able to publish the NAV. Information regarding NAV can be obtained by the Unit holders / Investors by calling or visiting the nearest ISC. **Illustration on Computation of NAV:** Market or Fair Value of Scheme's investments: Rs. 10,000,000; Current assets of the Scheme: Rs. 2,500,000; Current Liabilities and Provisions: Rs. 1,500,000; No. of Units outstanding: 500,000. Thus, the NAV will be calculated as: NAV = (Rs. 10,000,000 + Rs. 2,500,000 - Rs. 1,500,000) / 500,000 : Therefore, the NAV of the Scheme is Rs. 22/-. **Methodology for calculation of sale and re-purchase price of the units of mutual fund scheme:** The Units of the Scheme are available for sale, repurchase and switch at applicable NAV based prices, subject to prevalent load provisions, if any, on every business day. **Sale Price** Sale Price = Applicable NAV Example: If the Applicable NAV is Rs. 15 and the sales load (i.e. Entry Load) is 0%, the sales price is calculated as follows: Sales Price = 15 * (1+ 0) = 15*1 = 15 **Repurchase Price** Repurchase Price = Applicable NAV * (1 - Exit Load, if any)

<table>
<tr><td></td><td></td><td>Example: If the Applicable NAV is Rs. 15 and the exit load applicable is 0.3%, the repurchase price is calculated as follows:
Repurchase Price = 15 * (1 - 0.003)
= 15 * 0.997
= 14.955

The aforesaid example does not take into consideration any applicable statutory levies or taxes. Accordingly, the redemption amount payable to investor shall further reduce to the extent of applicable statutory levies or taxes.

The exit load shall not exceed three per cent of the Net Asset Value of the scheme as per Regulation 44(4) of SEBI (MF) Regulations, 2026.</td></tr>
<tr><td>3.</td><td>Applicable timelines for dispatch of redemption proceeds etc</td><td>Timeline for:

Dispatch of redemption proceeds

Within 3 working days of the receipt of valid redemption request at the Official Points of Acceptance of quant Mutual Fund for this Scheme or within such timelines as may be prescribed by SEBI / AMFI from time to time in case of exceptional circumstances or otherwise.

Dispatch of IDCW (if applicable) etc. – The payment of dividend/IDCW to the unitholders shall be made within seven working days from the record date or as per timelines prescribed by SEBI/AMFI from time to time.</td></tr>
<tr><td>4.</td><td>Breakup of Annual Scheme Recurring expenses</td><td>All expenses of the scheme shall be clearly identified and shall be paid from the scheme. The expenses shall be subject to the base expense limits, brokerage limits, transaction cost and statutory levy permissible under these regulations.

The base expense ratio (“BER”) of the scheme shall be sum of expenses mentioned at sub-regulation (4), sub-regulation (5) and sub-regulation (6) but excluded statutory levy applicable, if any, on the said expenses and transaction cost specified under sub-regulation (10) of Regulation 66 of MF Regulations.

The maximum base expense ratio as percentage of daily net assets shall be upto 0.90% per annum.

Total expense ratio (“TER”) shall be total of expense charged within the base limit, brokerage cost permitted, transaction cost incurred for the purpose of execution of trade and statutory levies charged to the investors, as may be permitted under the SEBI (Mutual Funds) Regulations and circulars issued thereunder from time to time.

Maximum Base expenses ratio (BER) permissible under Regulation 66	**Upto 0.90%**	
Statutory levies (including GST) on all expenses excluding brokerage and transaction cost	GST of 18% or any other rate as may be levied from time to time on the Taxable/Invoice/Contract amount. Additionally, levies such as Stamp Duty, STT etc.	
Statutory levies (including GST) on brokerage and transaction cost	Will be charged on Turnover of securities which will be at prescribed rates.	

*Any other expenses which are directly attributable to the Scheme, may be charged with the approval of the Trustee within the overall limits as specified in the Regulations except those expenses which are specifically prohibited.

The base expenses of the scheme including the investment management and advisory fee shall not exceed the limit as specified in the Regulations and amendments thereto.

The total of all expenses i.e. Total Expense Ratio (TER) charged to the investors of the scheme shall be total of expense charged within the base limit specified above, brokerage cost, transaction cost incurred for the purpose of execution of trade and statutory levies charged to the investors, as specified in the Regulations.

The base expense ratio of Fund of Funds to be charged over and above the weighted average of the base expense ratio of the underlying scheme shall not exceed two times the weighted average of the base expense ratio levied by the underlying scheme(s), subject to the overall ceilings as stated under Regulation 66(7) of SEBI (Mutual Funds) Regulations, unless otherwise specified by the Board.

Pursuant to clause 20.5.2 (a)(i) of Chapter 20 of the Mutual Fund Lite (MF Lite) Framework under the SEBI Master Circular for Mutual Funds dated March 20, 2026, Fund of Funds (FoFs) investing more than 80% of its NAV in the underlying domestic passive fund shall not be required to set aside any percentage of daily net assets of the scheme towards cost of investor education, awareness initiatives (NIL Allocation).

The expenses towards Investment Management and Advisory Fees under Regulation 66 (4) and the various sub-heads of recurring expenses mentioned under Regulation 66 (5) of SEBI (MF) Regulations, 2026 can be apportioned under various expense heads/ sub heads without any sub limit, as permitted under the applicable regulations. Thus, there shall be no internal sub-limits within the expense ratio for expense heads mentioned under Regulation 66 (4) and (5) respectively.

In addition to the limits as specified in Regulation 66(7) of SEBI (MF) Regulations, 2026 or the Base Recurring Expenses (Base Expense Limit) as specified above, the following costs or expenses may be charged to the Scheme namely-

<table>
<tr>

<td>
• The Scheme may charge expense incurred towards brokerage, for the purpose of execution of trade, over and above the base expense ratio subject to a maximum of 0.06 per cent of trade value in case of cash market transactions and 0.02 per cent of trade value in case of derivatives transactions. Expense charged towards brokerage, over and above the specified limit, shall be part of the base expense ratio limit specified in the Regulations.

• Transaction cost incurred for the purpose of execution of a trade shall mean regulatory levies and any other expenses charged by the stock exchanges, clearing corporation, and clearing house, as applicable. Such transaction costs shall not form part of the base expense ratio.

Within the Total Expense Limit chargeable to the Scheme, following will be charged to the Scheme:
a) GST on investment and advisory fees, brokerage and transaction costs on execution of trades shall be borne by the Scheme.
b) Investor education and awareness initiative fees of at least 1 basis points on daily net assets of the Scheme.
All Scheme related expenses shall necessarily be paid from the Scheme only within the regulatory limits and not from the books of the AMC, its associates, Sponsor, Trustee or any other entity through any route.

<td>Applicable risk factors</td>
<td>The Scheme is subject to the specific risks that may adversely affect the Scheme's NAV, return and / or ability to meet its investment objective. The specific risk factors related to the Scheme include, but are not limited to the following:</td>
</tr>
</table>

		• **Risks relating to investing in the Scheme:** a) This being a Fund of Funds scheme, Investors will bear the expense ratio of the underlying scheme in addition to the expense ratio of the Scheme. b) The Scheme's performance may depend upon the performance of the underlying scheme. Any change in the investment policies or the fundamental attributes of the underlying scheme could affect the performance of the Scheme. c) The liquidity of the Scheme's investment may be restricted by trading volumes, transfer process and settlement periods. It may also be affected by the liquidity of the underlying ETF units. The liquidity for the Silver ETF units on the stock exchanges may be low and there might be an impact cost for liquidating the units on the exchanges. However, Authorised Participants are appointed for the underlying ETF to ensure that the market price of units is nearer to the NAV of the underlying Silver ETF units. d) The portfolio disclosure of the Scheme will be limited to providing the particulars of the underlying ETF where the Scheme has invested and will not include the investments made by the underlying ETF. e) The closing price of the units of the underlying ETF on stock exchange shall be used for valuation by the Scheme. In case the underlying ETF is not traded on any particular business day, then the NAV of the Scheme shall be derived based on NAV of the underlying ETF in accordance with the Valuation Policy. Any delay in declaration of NAV of the underlying fund may result in delay of the computation of the NAV of the Scheme. f) The Scheme will subscribe/redeem directly with Fund according to the value equivalent to unit creation size as applicable for the underlying scheme subject to minimum execution value greater than Rs. 25 crore or crores or such other amount as may be specified by SEBI from time to time. When Subscriptions/Redemptions received are not adequate enough for transaction directly with Fund, the Scheme will buy/sell units of the underlying scheme directly on the stock exchange without waiting for additional Subscription/Redemption. g) The Scheme may invest in money market instruments from time to time, as per the asset allocation pattern, which will have a different return profile compared to silver returns profile. h) As the investors are incurring expenditure at both the Fund of Funds level and the schemes into which the Fund of Funds invests, the returns that they may obtain may be materially impacted or may at times be lower than the returns that investors directly investing in such schemes obtain. i) As the Scheme is not actively managed, the underlying investments may be affected by a general decline in the domestic price of silver and other instruments invested in, by the underlying scheme. The Scheme will invest in the underlying scheme and the AMC does not attempt to take defensive positions in declining markets. Further, the fund manager(s) do not make any judgment about the investment merit nor shall attempt to apply any economic, financial or market analysis. • **Risks relating to investing in underlying Silver ETF:** **1. Risks associated with transaction in Units through Stock Exchange Mechanism:** **a. Absence of prior active market:** Although the Units of the Scheme will be listed on the Stock Exchange for trading, there can be no assurance that an active secondary market will develop or be maintained. **b. Lack of market liquidity:** Trading in Units of the Scheme on the Stock Exchange on which it is listed may be halted because of market conditions or for reasons that, in the view of the concerned Stock Exchange or market regulator, trading in the ETF Units is inadvisable. In addition, trading in the Units of the Scheme may be subject to trading halts caused by extraordinary market volatility pursuant to 'circuit breaker' rules. There can be no assurance that the requirements of the concerned

		Stock Exchange necessary to maintain the listing of the Units of the Scheme will continue to be met or will remain unchanged. **c. Units of the Scheme may trade at prices other than NAV:** Units of the Scheme may trade above or below its NAV. The NAV of the Scheme may fluctuate with changes in the market value of a Scheme's holdings. The trading prices of Units of the Scheme will fluctuate in accordance with changes in its NAVs as well as market supply and demand. However, given that the Scheme can be created / redeemed in Creation Units, directly with the Fund, large discounts or premiums to the NAVs will not sustain due to arbitrage possibility available. **d. Regulatory Risk**: Any changes in trading regulations by the Stock Exchange or SEBI may affect the ability of the Market Maker to arbitrage resulting into wider premium/discount to NAV. Although the Scheme is proposed to be listed on the Exchange, the AMC and the Trustee will not be liable for delay in listing of Units of the Scheme on Exchange / or due to connectivity problems with the Depositories due to the occurrence of any event beyond their control. **e. Right to limit Redemption**: The Trustee, in the general interest of the Unitholders of the Scheme offered under this SID and keeping in view of the unforeseen circumstances/unusual market conditions, may limit the total number of Units which can be redeemed on any Business Day depending on the total "Saleable Underlying Stock" available with the Fund. **f. Redemption Risk:** The Unitholders may note that even though this is an open-ended scheme, the Scheme would ordinarily repurchase Units in Creation Unit Size. Thus, Unit holdings less than the Creation Unit Size can normally only be sold through the secondary market unless no quotes are available on the Exchange for 3 trading days consecutively. **g.** Investors may note that even though this is an open-ended scheme, they will have to buy or sell Units of the Scheme on the Stock Exchanges where these Units are listed for liquidity at the market price, subject to the rules and regulations of the Exchange. Buying and selling units on the Stock Exchange requires the investor to engage the services of a broker and are subject to payment of margins as required by the Stock Exchange/broker, payment of brokerage, securities transactions tax and such other costs. **h.** The market price of the Units of the Scheme, like any other listed security, is largely dependent on two factors, viz. (1) the intrinsic value of the Unit (or NAV) and (2) demand and supply of Units in the market. Sizeable demand or supply of the Units on the Stock Exchange may lead to market price of the Units to quote at premium or discount to NAV. However, since the eligible investors can transact with the AMC for Units in the Creation Unit Size, there should not be a significant variance from the NAV. Hence, the price of the Scheme is less likely to hold significant variance (large premium or discount) from the latest declared NAV all the time. **i.** The Units will be issued only in demat form through Depositories. The records of the Depository are final with respect to the number of Units available to the credit of Unit holder. Settlement of trades, repurchase of Units by the Mutual Fund depends on the confirmations to be received from Depository(ies) on which the AMC has no control. **2. Risks associated with investing in units of Silver Exchange Traded Fund (ETF)** **A. Risks associated with handling, storing and safekeeping of physical Silver**: All physical Silver procured must follow guidelines as per prescribed SEBI guidelines. Risk arises when part or all of the Silver held by the Fund could be lost, stolen or damaged and access to Silver may be restricted due to natural calamities or human actions, loss or damage directly or indirectly occasioned by, happening through or in consequence of war, invasion, acts of foreign enemies, hostilities (whether war be declared or not), civil war, rebellion, revolution, insurrection, military or usurped power. Loss due to aridity, humidity, exposure to light or extremes of temperature. Hence, the Custodian maintains insurance in regard to the business on terms and conditions and the custodian is also responsible for all costs arising from the insurance policies. The custodian taking delivery on behalf of the

		AMC needs to ensure the weight, purity, and the source of Silver as specified under the guidelines. Since this is paramount to the SEBI guidelines the risk arises in violation of same. Safekeeping of physical Silver requires appropriate vaulting space, confirming to the best global standards. The vaulting agents engaged by the custodian needs to ensure the same. **B. Risks Related to the Custody of Silver** I. The Custodian is responsible for the safekeeping of the Silver bullion and also facilitates the transfer of Silver bullion into and out of the vault. The ETF is dependent on the Custodian to comply with the best practices and to implement satisfactory internal controls for its Silver bullion custody operations in order to keep the Silver bullion secure. II. The Custodian is responsible for loss or damage to the Silver only under limited circumstances. The Custodian Agreement contemplates that the Custodian will be responsible to the AMC only if it acts with negligence, fraud or in wilful default of its obligations under the Custodian Agreement. In addition, the Custodian has agreed to indemnify the Trust for any loss or liability directly resulting from a breach of the Custodian's representations and warranties in the Custodian Agreement, a failure of the Custodian to act in accordance with the instructions or any physical loss, destruction or damage to the Silver held for the Trust's account, except for losses due to nuclear fission or fusion, radioactivity, war, terrorist event, invasion, insurrection, civil commotion, riot, strike, act of government or public authority, act of God or a similar cause that is beyond the control of the Custodian for which the Custodian will not be responsible to the AMC. The Custodian's liability to the AMC, if any, will be limited to the value of any Silver lost, or the amount of any balance held on an unallocated basis, at the time of the Custodian's negligence, fraud or wilful default, or at the time of the act or omission giving rise to the claim for indemnification. III. Neither the Shareholders of the AMC nor any Market Makers have a right under the Custodian Agreement to assert a claim against the Custodian. Claims under the Custodian Agreement may only be asserted by the AMC. IV. The procedures agreed to with the Custodian contemplate that the Custodian must undertake certain tasks in connection with the inspection of Silver delivered by Market Makers in exchange for Baskets. The Custodian's inspection includes review of the corresponding bar list to ensure that it accurately describes the weight, fineness, refiner marks and bar number appearing on the Silver bars, but does not include any chemical or other tests designed to verify that the Silver received does, in fact, meet the purity requirements. Accordingly, such inspection procedures may not prevent the deposit of Silver that fails to meet these purity standards. The Custodian will not be responsible or liable to the Trust or to any investor in the event any Silver otherwise properly inspected by it does not meet the purity requirements. V. The AMC does not insure its Silver (Underlying Silver of the scheme). The Custodian maintains insurance on such terms and conditions as it considers appropriate in connection with its custodial obligations under the Custodian Agreement and is responsible for all costs, fees and expenses arising from the insurance policy or policies. The AMC is not a beneficiary of any such insurance and does not have the ability to dictate the existence, nature or amount of coverage. Therefore, Shareholders cannot be assured that the Custodian maintains adequate insurance or any insurance with respect to the Silver held by the Custodian on behalf of the Trust. **C. Market risk due to volatility in Silver prices** The price of Silver is driven by speculation and supply and demand, like most commodities. The price of Silver is volatile because of the smaller market, lower market liquidity and demand fluctuations between industrial and store of value uses. At times, this can cause wide-ranging valuations in the market, creating volatility. The key factors that affect the volatility of Silver are fluctuating industrial demand and store of value demand, geo-political uncertainties, rising crude oil prices, depreciating dollar,

		government policies on major export and import destinations, purchases and sales by global central banks. The volatility can be attributed to multiple factors like Silver and other precious metal prices, major stock market indices, large concentrated short position, US dollar, oil, institutional investors and industrial demand. **D. Liquidity risks in physical or derivative markets impairing the ability of the fund to buy and sell Silver** Commodities tend to be more volatile than other instruments. This may have an impact on liquidity. Liquidity considerations may have a price basis risk. Liquidity risks may arise due to issues related to the supply chain which affects the availability of Silver. During an undetermined situation, similar to what happened during the pandemic, transportation all over the world had come to a standstill. Financial markets had experienced extreme volatility and severe losses, and trading in many instruments had been disrupted. Liquidity for many instruments had been greatly reduced for periods of time, and most commodities were in short supply resulting in illiquid markets for most commodities including Silver. The lack of liquidity in the physical market may also arise due to seasonality of demand and supply or volatility prices. Lastly, government regulations including change in taxation or duties levied on Silver may affect the demand and supply and may affect the liquidity. • **Risks relating to Tracking Error and Tracking Difference:** The performance of the Scheme may not be commensurate with the performance of its benchmark index on any given day or over any given period. Tracking Errors are inherent in any fund based on index and such errors may cause the Scheme to generate returns which are not in line with the performance of the index. Tracking Errors may result from a variety of factors including but not limited to: • Fees & Expenditure incurred by the Scheme • Available funds may not be invested at all times as the Scheme may keep a portion of the funds in cash to meet Redemptions or expenses • The holding of a cash position to meet the Redemptions and other liquidity requirements) and accrued income prior to distribution and accrued expenses. • Accounting for indirect taxes including tax reclaims • Scheme's investment in ETCDs • **Risks associated to investment in:** **A. Exchange Traded Commodity Derivatives (ETCDs)** i. An exchange traded commodity derivative is a derivative instrument that mimics the price movements of an underlying commodity, allowing an investor exposure to the commodity without physical purchase. ii. Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of investment strategies depends upon the ability of the fund manager(s) to identify such opportunities which may always not be available. Identification and execution of the strategies to be pursued by the fund manager(s) involve uncertainty and decision of fund manager(s) may not always be profitable. No assurance can be given that the fund manager(s) will be able to identify or execute such strategies. iii. The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments. iv. **Liquidity Risk**: While ETCDs that are listed on an exchange carry lower liquidity risk, the ability to sell these contracts is limited by the overall trading volume on the exchanges. The liquidity of the Schemes' investments is inherently restricted by trading volumes of the ETCD contracts in which it invests. Additionally, change in

		margin requirements or intervention by government agencies to reduce overall volatility in the underlying commodity could lead to adverse impact on the liquidity of the ETCD. v. **Price risk**: ETCDs are leveraged instruments hence, a small price movement in the underlying security could have a large impact on their value. Arbitrages can occur between the price of the physical commodity and the ETCD, due to a variety of reasons such as technical issues and volatile movement in the price of the physical good. This can result in mispricing and improper valuation of investment decisions as it can be difficult to ascertain the amount of the arbitrage. vi. **Settlement risk**: ETCDs can be settled either through the exchange or physically. The inability to sell ETCDs held in the Schemes' portfolio in the exchanges due to the extraneous factors may impact liquidity and would result in losses, at times, in case of adverse price movement. Wherein the underlying commodity is physically delivered in order to settle the derivative contract, such settlement could get impacted due to various issues, such as logistics, Government policy for trading in such commodities. **B. Money Market Instruments** i. **Price-Risk or Interest-Rate Risk:** Fixed income securities such as bonds, debentures and Money Market Instruments run price-risk or interest-rate risk. Generally, when interest rates rise, prices of existing fixed income securities fall and when interest rates drop, such prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates. ii. **Credit Risk:** In simple terms this risk means that the issuer of a debenture/bond or a Money Market Instrument may default on interest payment or even in paying back the principal amount on maturity. Even where no default occurs, the price of a security may go down because the credit rating of an issuer goes down. It must, however, be noted that where the Scheme has invested in Government Securities, there is no credit risk to that extent. Different types of securities in which the Scheme would invest as per its asset allocation pattern, carry different levels and types of risk. Accordingly, the Scheme's risk may increase or decrease depending upon its investment pattern. E.g. commercial papers carry a higher amount of risk than Government Securities. Further, commercial papers which are A1+ rated are comparatively less risky than those which are B1+ rated. iii. **Re-investment Risk:** Investments in fixed income securities may carry re-investment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the security. Consequently, the proceeds may get invested at a lower rate. iv. **Liquidity Risk:** Due to the evolving nature of the fixed income market, there may be an increased risk of liquidity risk in the portfolio from time to time. Investments in money market / liquid schemes will also be subject to the above risks. **C. Government of India securities** i. **Market liquidity risk** - Even though the Government of India securities market is more liquid compared to other debt instruments, on certain occasions, there could be difficulties in transacting in the market due to extreme volatility leading to constriction in market volumes. Also, the liquidity of the Scheme may suffer in case the relevant guidelines issued by Reserve Bank of India undergo any adverse changes. ii. **Interest rate risk** - While Government of India securities generally carry relatively minimal credit risk since they are issued by the Government of India, they do carry price risk depending upon the general level of interest rates prevailing from time to time. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates decline, the prices of fixed income securities increase. The extent of fall or rise in the prices is a function of the coupon rate, days to maturity and the increase or decrease in the level of interest rates. The price-risk is not unique to

Government of India securities and exists for all fixed income securities. Therefore, their prices tend to be influenced more by movement in interest rates in the financial system than by changes in the Government's credit rating. By contrast, in the case of corporate or institutional fixed income securities, prices are influenced by their respective credit standing as well as the general level of interest rates.

D. TREPS Segments

As a member of the securities and TREPS segments of the Clearing Corporation of India (CCIL), all transactions of the Mutual Fund in Government Securities and in TREPS segments will be settled centrally through the infrastructure and settlement systems provided by CCIL, thus reducing the settlement and counterparty risks considerably for transactions in the said segments. The members of CCIL are required to contribute an amount as communicated by CCIL from time to time to the default fund maintained by CCIL as a part of the default waterfall (a loss mitigating measure of CCIL in case of default by any member in settling transactions routed through CCIL). The Mutual Fund will be exposed to the extent of its contribution to the default fund of CCIL at any given point in time. In the event that the default waterfall is triggered and the contribution of the Mutual Fund is called upon to absorb settlement/default losses of another member by CCIL, the Scheme may lose an amount equivalent to its contribution to the default fund allocated to the Scheme on a pro-rata basis.

- **Risks associated with segregated portfolio:**

Liquidity risk – A segregated portfolio is created when a credit event / default occurs at an issuer level in the Scheme. This may reduce the liquidity of the security issued by the said issuer, as demand for this security may reduce. This is also further accentuated by the lack of secondary market liquidity for corporate papers in India. As per SEBI norms, the Scheme will be closed for Redemption and Subscriptions until the segregated portfolio is created, running the risk of Investors being unable to redeem their investments. However, it may be noted that the proposed segregated portfolio is required to be formed within one day from the occurrence of the credit event.

Investors may note that no Redemption and Subscription shall be allowed in the segregated portfolio. However, in order to facilitate exit to Unit holders in segregated portfolio, the AMC shall list the units of the segregated portfolio on a recognized stock exchange within 10 working days of creation of segregated portfolio and also enable transfer of such units on receipt of transfer requests. For the units listed on the Exchange, it is possible that the market price at which the units are traded may be at a discount to the NAV of such Units. There is no assurance that an active secondary market will develop for units of segregated portfolio listed on the Stock Exchange. This could limit the ability of the Investors to resell them.

Valuation risk - The valuation of the securities in the segregated portfolio is required to be carried out in line with the applicable SEBI guidelines. However, it may be difficult to ascertain the fair value of the securities due to absence of an active secondary market and difficulty to price in qualitative factors.

Risk Mitigation Strategies:
The Scheme will endeavor to manage risks associated with investing in Silver and Silver related instruments and money market securities by following a holistic risk management strategy. The risk control process involves identifying and measuring risks through various risk measurement tools.

Risk Description	**Risk Mitigants/management strategy**
Market Risk: Fluctuations in the price of Silver	The fund is passively managed and fluctuations in Silver prices will not increase the tracking error.

<table>
<tr><td></td><td></td><td>
<table>
<tr><td>Tracking Error Risk: The performance of the Scheme may not be commensurate with the performance of the benchmark index on any given day or over any given period, referred to as tracking error.</td><td>The Investment Manager would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. The investment manager will endeavor to maintain optimum cash levels to minimize tracking error.</td></tr>
<tr><td>Liquidity risk: Inability to buy / sell appropriate quantity of Silver</td><td>The underlying scheme may retain certain investments in cash or cash equivalents for its day-to-day liquidity requirements.</td></tr>
<tr><td>Custody Risk: Risk of loss, damage, theft, impurity etc. of Silver</td><td>In order to ensure safety, the said Silver will be stored with custodian in vaults. Silver held by custodian is also insured. The custodian will insure/cover all such risks.</td></tr>
<tr><td>Debt and Money Market instruments</td><td>Credit Risk: Management analysis will be used for identifying company specific risks. Management's past track record will also be studied. In order to assess financial risk a detailed assessment of the issuer's financial statements will be undertaken.
• Price-Risk or Interest-Rate Risk: The Scheme may primarily invest the debt portion of the portfolio in short term debt & money market instruments, units of Liquid and Overnight schemes thereby mitigating the price volatility due to interest rate changes generally associated with long-term securities.
• Liquidity Risk: The Scheme may, however, endeavor to minimize liquidity risk by primarily investing the debt portion of the portfolio in relatively liquid short-term debt & money market instruments, units of Liquid and Overnight schemes.</td></tr>
<tr><td>Exchange Traded Commodity Derivatives (ETCD)</td><td>Investment in commodities has an inherent market risk in terms of volatility, which cannot be mitigated generally. However, SEBI has allowed participation in ETCDs only which are likely to have enough liquidity in the market. The settlement risk shall be mitigated by ensuring that the trade positions do not fall in delivery mode. However, as mutual fund schemes participating in ETCDs may hold the underlying goods in case of physical settlement of contracts, such goods shall be disposed of from the books of the scheme, at the earliest, not exceeding the timeline prescribed under the Regulations.</td></tr>
</table>

While these measures are expected to mitigate the above risks to a large extent, there can be no assurance that these risks would be completely eliminated.

16.	**Disclosure in terms of Consolidated Checklist on Standard Observations**	**Investment Strategy:** The Scheme is a passively managed Fund of Fund which will employ an investment objective to generate returns that are linked to the returns generated by the quant Silver ETF. Accordingly, the Scheme may buy/sell the units of quant Silver ETF either directly with the Fund or through the secondary market on the Stock Exchange(s). The Scheme will invest at least 95% of its total assets in the units of quant Silver ETF and it may hold up to 5% of its total assets in money market securities. **Though every endeavor will be made to achieve the objective of the Scheme, the AMC/Sponsors/Trustee does not guarantee that the investment objective of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme.** **Investment Restrictions:** Pursuant to the SEBI MF Regulations as amended from time to time, the following investment restrictions are presently applicable to the Scheme: 1. A mutual fund scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorized to carry out such activity under the Act. Such investment limit may be extended to 12% of the NAV of the scheme with the prior approval of the Board of Trustees and the Board of directors of the asset management company. Provided that such limit shall not be applicable for investments in Government Securities, treasury bills and TREPS. Provided further that investment within such limit can be made in mortgaged backed securitized debts which are rated not below investment grade by a credit rating agency registered with the Board. Further, in accordance with Clause 13.1 of SEBI Master Circular for Mutual Funds dated March 20, 2026, the Scheme shall not invest more than: a) 10% of its NAV in debt and money market securities rated AAA; or b) 8% of its NAV in debt and money market securities rated AA; or c) 6% of its NAV in debt and money market securities rated A and below issued by a single Issuer. The above investment limits may be extended by up to 2% of the NAV of the scheme with prior approval of the Board of Trustees and Board of Directors of the AMC, subject to compliance with the overall 12% limit specified above. Considering the nature of the scheme, investments in such instruments will be permitted upto 5% of its NAV. 2. The Scheme shall not invest in unlisted debt instruments including commercial papers (CPs), other than (a) government securities, (b) other money market instruments and (c) derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. However, the scheme may invest in unlisted Non-Convertible debentures (NCDs) not exceeding 10% of the debt portfolio of the scheme subject to the condition that such

		unlisted NCDs have a simple structure (i.e. with fixed and uniform coupon, fixed maturity period, without any options, fully paid up upfront, without any credit enhancements or structured obligations) and are rated and secured with coupon payment frequency on monthly basis. 3. Inter scheme transfers (ISTs) of investments from one scheme to another scheme in the same Mutual Fund shall be allowed only if such transfers are done at the prevailing market price for quoted instruments on spot basis. Explanation -"Spot basis" shall have same meaning as specified by stock exchange for spot transactions. The securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made. Further, ISTs may be allowed in the following scenarios: i.for meeting liquidity requirement in a scheme in case of unanticipated redemption pressure ii.for Duration/ Issuer/ Sector/ Group rebalancing. No IST of a security shall be done, if there is negative news or rumors in the mainstream media or an alert is generated about the security, based on internal credit risk assessment. 4. The scheme shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relative securities and in all cases of sale, deliver the securities; Further, the scheme shall not engage in short selling or securities lending and borrowing scheme. The scheme shall also not enter into derivatives transactions. 5. The Scheme shall get the securities purchased or transferred in the name of the mutual fund on account of the concerned scheme, except in respect of such securities as may be specified by SEBI from time to time. 6. The Scheme shall not make any investment in: a) Any unlisted security of an associate or group company of the Sponsor; or b) Any security issued by way of private placement by an associate or group company of the sponsor; or c) The listed securities of group companies of the Sponsor which is in excess of 5% of the net assets. 7. The scheme shall not make any investment in any fund of funds scheme. 8. No loans for any purpose can be advanced by the Scheme. 9. The mutual fund shall not borrow except to meet temporary liquidity needs for the purpose of repurchase or redemption of units or payment of interest or Income Distribution cum Capital Withdrawal payout to the unitholders or for settlement of trades by equity oriented index funds and equity oriented exchange traded funds on account of under execution of sell trades on the stock exchange in the manner as may be specified by SEBI from time to time. Provided that the mutual fund shall not borrow more than 20 per cent of the net asset of the scheme and the duration of such a borrowing shall not exceed a period of six months. 10. Pending deployment of funds of the Scheme in securities in terms of the investment objective of the Scheme, the AMC may park the funds of the Scheme in short term deposits of scheduled commercial banks in line with Paragraph 13.7 of the SEBI Master circular for Mutual Funds dated March 20, 2026. The AMC shall not charge any investment management and advisory fees for parking of funds in such short-term deposits of scheduled commercial banks for the scheme.

		The Scheme will comply with SEBI regulations and any other regulations applicable to the investments of Funds from time to time. The Trustee may alter the above restrictions from time to time to the extent that changes in the regulations may allow. All investment restrictions shall be applicable at the time of making investment. Further, apart from the investment restrictions prescribed under SEBI (MF) Regulations, the Fund may follow any internal norms vis-à-vis restricting/limiting exposure to a particular scrip or sector, etc. **New Fund Offer Period (NFO):** The NFO will commence from MM/DD/YYYY and close on MM/DD/YYYY. The AMC/Trustee reserves the right to close the NFO of the Scheme before the above-mentioned date. The AMC/Trustee reserves the right to extend the NFO period, subject to the condition that NFO shall be open for a minimum of 3 working days but not more than 15 calender days. Any changes in dates will be published through addendum on AMC website www.quantmutual.com. Any modification to the New Fund Offer Period shall be announced by way of an Addendum/notice uploaded on the website of the AMC www.quantmutual.com. **Fundamental Attributes** Following are the Fundamental Attributes of the scheme, in terms of Clause 1.9 of SEBI Master circular for Mutual Funds dated March 20, 2026: **i. Unit holders who wish to trade in units would be required to have a demat account. Units of the Scheme will be available in Dematerialized (electronic) form only. The Applicant holding Units in demat form will be required to have a beneficiary account with a Depository Participant (DP) of the NSDL/ CDSL and will be required to mention in the application form DP's Name, DP ID No. and Beneficiary Account No. with the DP at the time of purchasing Units. Application without relevant details will be liable to be rejected. Application without relevant details will be liable to be rejected.
➢	**Minimum Target amount**	The Scheme seeks to collect Rs. 10 crores as the minimum Subscription and would retain any excess Subscription collected. If the Scheme does not collect the minimum Subscription during the NFO, refund will be made within 5 Business Days from closure of the NFO.
➢	**Maximum Amount to be raised (if any)**	Not Applicable
➢	**Dividend Policy (IDCW)**	Under the IDCW option, the Trustee will have the discretion to declare the IDCW, subject to availability of distributable surplus calculated in accordance with the Regulations. The actual declaration of IDCW and frequency will inter-alia, depend on availability of distributable surplus calculated in accordance with SEBI (MF) Regulations and the decisions of the Trustee shall be final in this regard. There is no

		assurance or guarantee to the Unit holders as to the rate of IDCW nor that it will be paid regularly. The AMC/Trustee reserves the right to change the frequency of declaration of IDCW or may provide for additional frequency for declaration of IDCW. **IDCW Distribution Procedure** In accordance with Paragraph 12 of SEBI Master Circular for Mutual Funds dated March 20, 2026, the procedure for distribution would be as under: 1. Quantum of IDCW and the record date will be fixed by the Trustee. IDCW so decided shall be paid, subject to availability of distributable surplus. 2. Within one calendar day of the decision by the Trustees, AMC shall issue notice to the public communicating the decision including the record date. The record date shall be two(2)working days from the date of publication in at least one English newspaper or in a newspaper published in the language of the region where the Head Office of the mutual fund is situated, whichever is issued earlier. 3. Record date shall be the date, which will be considered for the purpose of determining the eligibility of investors whose names appear on the register of Unit holders for receiving IDCW. 4. The notice will, in font size 10, bold, categorically state that pursuant to payment of dividend, the NAV of the Scheme would fall to the extent of payout and statutory levy (if applicable). 5. The NAV will be adjusted to the extent of IDCW distribution and statutory levy, if any, at the close of business hours on record date. Before the issue of such notice, no communication indicating the probable date of IDCW declaration in any manner whatsoever will be issued by Mutual Fund. However, the requirement of giving notice shall not be applicable for IDCW options having frequency up to one month.
➢	**Allotment (Detailed procedure)**	**Allotment of Units in the scheme** All Applicants whose monies towards purchase of Units have been realised by the Fund will receive a full and firm allotment of Units, provided also the applications are complete in all respects and are found to be in order. ➢	**The policy regarding reissue of repurchased units, including the maximum extent, the manner of reissue, the entity (the scheme or the AMC) involved in the same.**	The number of Units held by the Unit holder under his folio / Demat Account will stand reduced by the number of Units redeemed. Presently, the AMC does not intend to reissue the repurchased units. However, the Trustee reserves the right to reissue the repurchased units at a later date after issuing adequate public notices and taking approvals, if any, from SEBI.
➢	**Restrictions, if any, on the right to freely retain or dispose of units being offered.**	**SUSPENSION OF SALE OF UNITS OF THE SCHEME** The Mutual Fund at its sole discretion reserves the right to withdraw the Sale of Units i.e. subscriptions in the Scheme(s) (including any one Plan/ Option) temporarily or indefinitely, if in the opinion of the AMC the general market conditions are not favourable and / or suitable investment opportunities are not available for deployment of funds or if in the view of AMC/Trustee changing the size of the corpus may prove detrimental to the existing Unit holders of the Scheme(s) or for any other reason deemed fit by the AMC / Trustee. Further, the indicative list of circumstances under which sale of units may temporarily be suspended is as follows: 1. When one or more stock exchanges or markets, which provide basis for valuation for a substantial portion of the assets of the Scheme are closed otherwise than for ordinary holidays. 2. In case of natural calamities, war, strikes, riots and bandhs. 3. In the event of any force majeure or disaster that affects the normal functioning of the AMC or the Official Point(s) of Acceptance. 4. If so directed by SEBI. **RIGHT TO RESTRICT REDEMPTION AND / OR SUSPEND REDEMPTION OF THE UNITS** (as per para 5.3 of SEBI Master Circular on Mutual Funds dated March 20, 2026 or as may be amended from time to time): The Fund at its sole discretion reserves the right to restrict Redemption (including switch- out) of the Units (including Plan /Option) of the Scheme of the Fund upon occurrence of the below mentioned events for a period not exceeding ten (10) working days in any ninety (90) days period subject to approval of the Board of Directors of the AMC and the Trustee. The restriction on Redemption (including switch-out) shall be applicable where the Redemption (including switch-out) request is for a value above Rs. 2,00,000/- (Rupees Two Lakhs). Further, no restriction shall be applicable to the Redemption / switch-out request upto Rs. 2,00,000/- (Rupees Two Lakhs). It is further clarified that, in case of redemption request beyond Rs. 2,00,000/- (Rupees Two Lakhs), no restriction shall be applicable on first Rs. 2,00,000/- (Rupees Two Lakhs). The Trustee / AMC reserves the right to restrict Redemption or suspend Redemption of the Units in the Scheme of the Fund on account of circumstances leading to a systemic crisis or event(s) that severely constrict market liquidity or the efficient functioning of the markets. A list of such circumstances under which the restriction on Redemption or suspension of Redemption of the Units in the Scheme of the Fund may be imposed are as follows: 1. Liquidity issues- when market at large becomes illiquid affecting almost all securities rather than any issuer specific security; or 2. Market failures / exchange closures; or 3. Operational issues; or

		4. If so directed by SEBI. It is clarified that since the occurrence of the abovementioned eventualities have the ability to impact the overall market and liquidity situation, the same may result in exceptionally large number of Redemption requests being made and in such a situation the indicative timelines, if any mentioned by the Fund in the scheme offering documents, for processing of requests for Redemption may not be applicable. Any restriction on Redemption or suspension of Redemption of the Units in the Scheme(s) of the Mutual Fund shall be made applicable only after specific approval of the Board of Directors of the AMC and Trustee Company and thereafter, immediately informing the same to SEBI. The AMC / Trustee reserves the right to change / modify the provisions of right to restrict Redemption and / or suspend Redemption of the Units in the Scheme of the Fund.
➢	**Cut off timing for subscriptions/ redemptions/ switches.** **This is the time before which your application (complete in all respects) should reach the official points of acceptance.**	The below cut-off timings and applicability of NAV shall be applicable in respect of valid applications received at the Official Point(s) of Acceptance on a Business Day: **A] For Purchase (including switch-in) of any amount**: • In respect of valid applications received upto 3.00 p.m. and where the funds for the entire amount are available for utilization before the cut-off time i.e. credited to the bank account of the Scheme before the cut-off time - the closing NAV of the day shall be applicable. • In respect of valid applications received after 3.00 p.m. and where the funds for the entire amount are credited to the bank account of the Scheme either at any time on the same day or before the cut-off time of the next Business Day i.e. available for utilization before the cut-off time of the next Business Day - the closing NAV of the next Business Day shall be applicable. • Irrespective of the time of receipt of application, where the funds for the entire amount are credited to the bank account of the Scheme before the cut-off time on any subsequent Business Day i.e. available for utilization before the cut-off time on any subsequent Business Day - the closing NAV of such subsequent Business Day shall be applicable. **B] For Switch-ins of any amount: For determining the applicable NAV, the following shall be ensured:** • Application for switch-in is received before the applicable cutoff time. • Funds for the entire amount of subscription/purchase as per the switchin request are credited to the bank account of the Scheme before the cutoff time. • The funds are available for utilization before the cut-off time. • In case of 'switch' transactions from one scheme to another, the allocation shall be in line with redemption payouts. **C] For Redemption (including switch-out) applications** • In respect of valid applications received upto 3 p.m. on a Business Day by the Fund, same day's closing NAV shall be applicable. • In respect of valid applications received after 3 p.m. on a Business Day by the Fund, the closing NAV of the next Business Day shall be applicable. To clarify, for investments through systematic investment routes such as Systematic Investment Plans (SIP), Systematic Transfer Plans (STP), etc. the units will be allotted as per the closing NAV of the day on which the funds are available for utilization by the Target Scheme irrespective of the installment date of the SIP, STP or record date of dividend etc.
➢	**Minimum balance to be**	Not applicable.

	maintained and consequences of non-maintenance	
➢	**Accounts Statements**	The AMC shall send an allotment confirmation specifying the units allotted by way of email and/or SMS within 5 working days of receipt of valid application/transaction to the Unit holders registered e-mail address and/ or mobile number (whether units are held in demat mode or in account statement form). A Consolidated Account Statement (CAS) detailing all the transactions across all mutual funds (including transaction charges paid to the distributor) and holding at the end of the month shall be sent to the Unit holders in whose folio(s) transaction(s) have taken place during the month by mail or email on or before 15th of the succeeding month. Half-yearly CAS shall be issued at the end of every six months (i.e. September/ March) on or before 21st day of succeeding month, to all investors providing the prescribed details across all schemes of mutual funds and securities held in dematerialized form across demat accounts, if applicable. For further details, refer SAI.
➢	**Dividend/ IDCW**	The payment of dividend/IDCW to the unitholders shall be made within seven working days from the record date.
➢	**Redemption**	Within 3 working days of the receipt of valid redemption request at the Official Points of Acceptance of quant Mutual Fund for this Scheme or within such timelines as may be prescribed by SEBI / AMFI from time to time in case of exceptional circumstances or otherwise. For list of exceptional circumstances, refer Paragraph 15.3.3 of SEBI Master Circular for Mutual Funds dated March 20,2026. **For further details, refer SAI.**
➢	**Bank Mandate**	As per the directives issued by SEBI it is mandatory for an investor to declare his/her bank account number in their application/requests for redemption. To safeguard the interest of Unitholders from loss or theft of their refund orders/redemption cheques, investors are requested to provide their bank details in the Application Form. **Multiple Bank Accounts Registration** The AMC/ Mutual Fund provides a facility to the investors to register multiple bank accounts (currently upto 5 for Individuals and 10 for Non - Individuals) for receiving redemption/ IDCW proceeds etc. by providing necessary documents. Investors must specify any one account as the "Default Bank Account". **Change in Bank Account** In case an existing Unitholder is submitting a request for Change in his Bank Details, he needs to submit a copy of cancelled cheque leaf of the new bank account or Bank statement of the new bank account attested by his banker with seal & signature of banker or letter from the Banker of the investor. In absence of the same, the request for Change in Bank Mandate is liable to be rejected. Investors have an option of registering multiple bank accounts, by submitting the necessary forms & documents. At the time of redemption, investors can select the bank account to receive the amount.
➢	**Delay in payment of redemption/ repurchase**	The Asset Management Company shall be liable to pay interest to the unitholders at rate as specified vide Para 15.4 of SEBI Master Circular on Mutual Funds dated March 20, 2026 for the period of such delay. However, the AMC will not be liable to pay any interest or compensation or any amount

	proceeds/dividend	otherwise, in case the AMC / Trustee is required to obtain from the investor / unit holders verification of identity or such other details relating to subscription for Units under any applicable law. For further details, refer SAI.
➢	**Unclaimed Redemption and Income Distribution cum Capital Withdrawal Amount**	The unclaimed Redemption and IDCW amounts shall be deployed by the Fund in money market instruments and such other instruments/securities as maybe permitted from time to time. The investment management fee charged by the AMC for managing such unclaimed amounts shall not exceed 50 basis points. The circular also specifies that investors who claim these amounts during a period of three years from the due date shall be paid at the prevailing NAV. Thus, after a period of three years, this amount can be transferred to a pool account and the investors can claim the said amounts at the NAV prevailing at the end of the third year. In terms of the circular, the onus is on the AMC to make a continuous effort to remind investors through letters to take their unclaimed amounts. The details of such unclaimed amounts shall be disclosed in the annual report sent to the Unit Holders. https://app.mfcentral.com/links/inactive-folios
➢	**Disclosure w.r.t investment by minors**	Payment for investment by any mode shall be accepted from the bank account of the minor, parent or legal guardian of the minor, or from a joint account of the minor with parent or legal guardian. For existing folios, the AMC shall accept a Change of Pay-out Bank mandate before redemption is processed. Irrespective of the source of payment for subscription, all redemption proceeds shall be credited only in the verified bank account of the minor, i.e. the account the minor may hold with parent/legal guardian after completing all KYC formalities. Upon the minor attaining the status of major, the minor in whose name the investment was made, shall be required to provide all the KYC details, updated bank account details including cancelled original cheque leaf of the new account. No further transactions shall be allowed till the status of the minor is changed to major. The claimant has to submit the Transmission Request Form (TRF) and NOC form along with the prescribed common set of documents. All such forms and formats are available on AMC website, RTA and AMFI. AMCs shall not accept requests for redemption from a claimant pending completion of the transmission of units in his / her favour. The Stamp duty is payable by the claimant with respect to the indemnity bond and affidavit, shall be in accordance with the stamp duty prescribed by law.
